

Title of Presentation (Limited to 75 characters):

Discuss: How does this proposal address the mission of RCML? (Maximum 3000 characters)

The Research Council on Mathematics Learning seeks to stimulate, generate, coordinate, and disseminate research efforts designed to understand and/or influence factors that affect mathematics learning.

Abstract: This will appear in the program as it is listed here. (Limited to 1500 characters):

Conference Proceedings: Do you plan on submitting your conference paper to the Proceedings? (Due October 31, 2017):

Would you like to present your research as a spoken presentation or as a poster?

Will you be willing to present a poster if there is no space available in the spoken presentation slots?
